Residential Traffic Calming Program

What is traffic calming?

Traffic calming is the slowing of motorists on residential streets using physical and non-physical measures without restricting access. Because addressing speeding on one street will likely push the problem to adjacent streets, traffic calming is a community initiative, and will likely include several or more streets within a community.

A street must satisfy basic requirements to be eligible for the program:

- ☐ Publicly owned and maintained
- ☐ Classified as a local residential roadway
- ☐ 2-lane roadway
- ☐ 25 mph posted speed limit (or less)

What is the traffic calming process?

- ☐ Traffic Study
- ☐ Stakeholders Meeting
- ☐ Petition Process
- ☐ Traffic Calming Plan

Typical Physical Measures

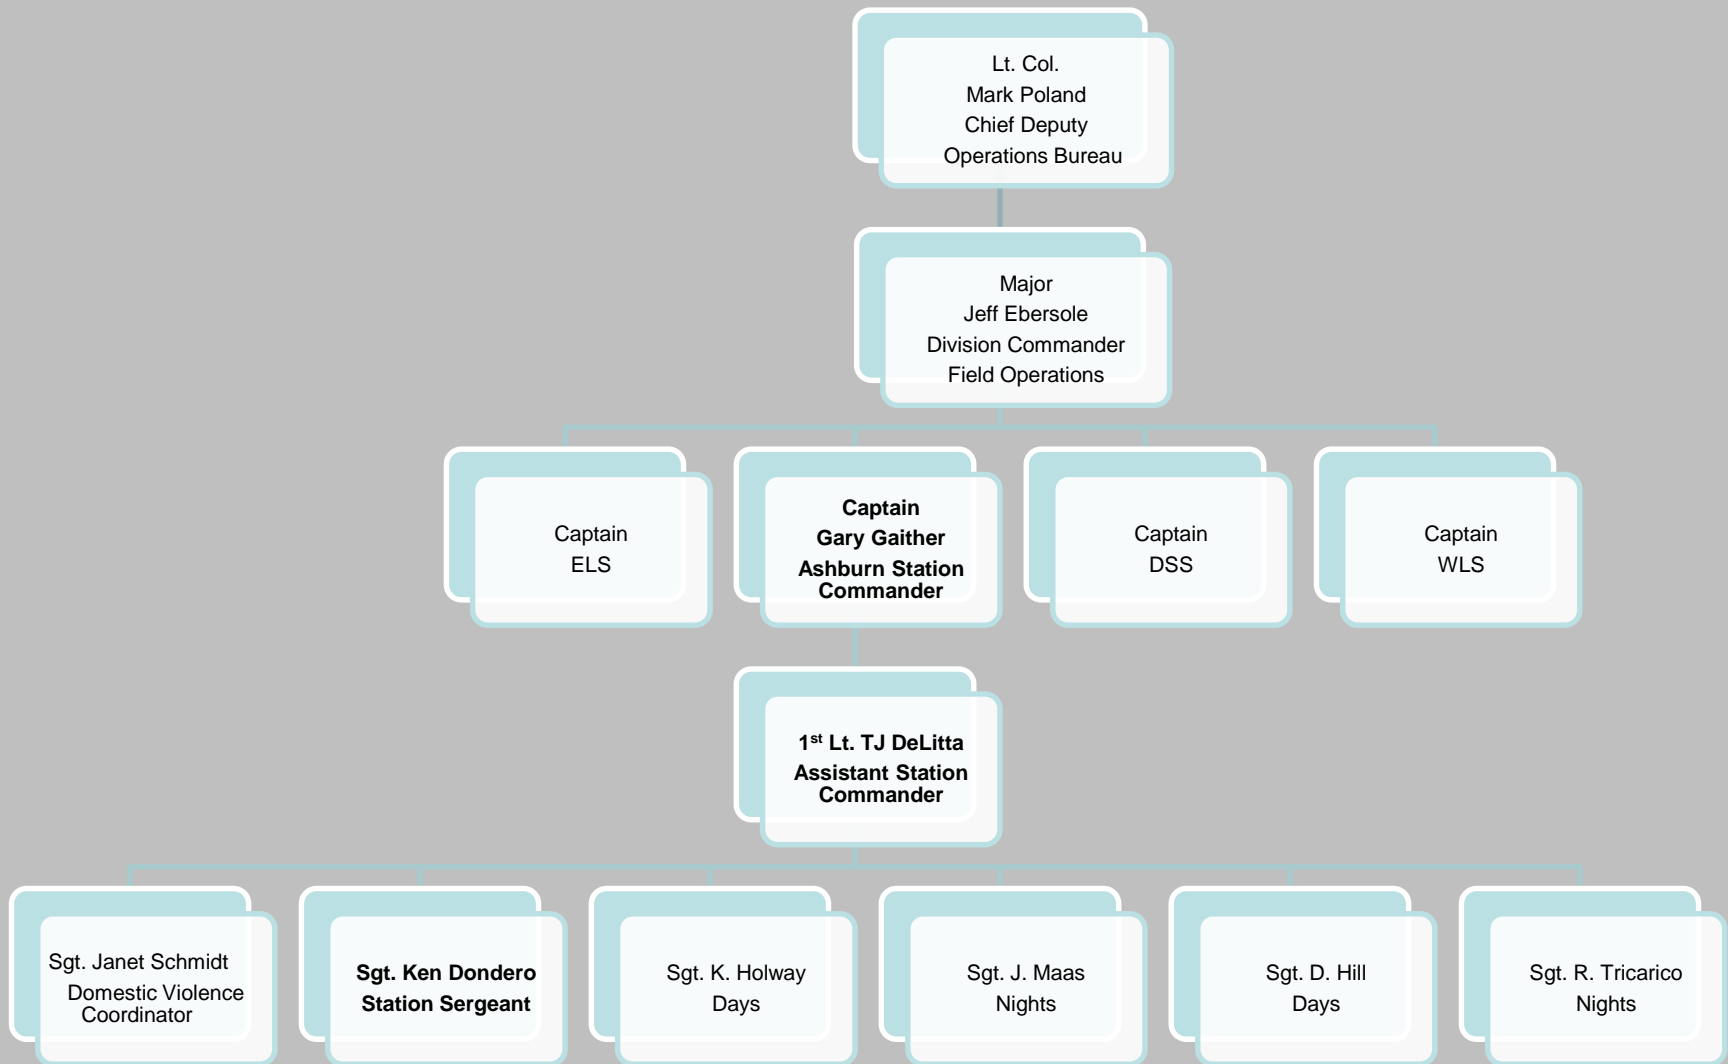

Speed Humps, Raised Crosswalks, Choker, Mini Roundabout, Chicane, Raised Median Island

Detective Hall

There have been 19 cases assigned to this station where SUV's (GMC, CHEVY, and CADILLAC) have been located in the morning by the owner up on blocks. Detectives have spoken with agencies throughout Northern VA and have been advised that they have also been hit very hard over the past year with similar cases. No agency has any leads on suspects. Loudoun Detectives were able to see video of one case where a 2012 or newer Tahoe was used by the suspect. All four tires are missing and the vehicle is left on cinder blocks. Most of the vehicles are sitting in the driveway of the owner or in close proximity of the owner's residence. Detectives believe this is happening between 1-4 AM.

Station Detectives

Detective Campbell

Car Hopping in the area of Ashburn Village Blvd between Gloucester Pkwy and Waxpool Road:

- Up to 4 individuals involved in the series of overnight vehicle trespass cases and larcenies, on 11/11/15, were located after a victim's credit card was used in Maryland. Video was obtained and Detectives with Loudoun and Fairfax County identified two of the suspects.
- Multiple felony charges will be obtained at the conclusion of this investigation.

Station Detectives

Detective Campbell

Larceny

Homeowner hired a moving company. Upon unloading at her new location in Ashburn several boxes had been gone through and re taped. The total theft of jewelry is around \$20,000. There are numerous suspects and the moving company is not forthcoming with info. The number of people who had access to the items make these cases hard to solve.

- **Takeaway** - Try to research and find an established reputable service provider whether moving or hiring cleaners
- If moving pack your own jewelry and take it personally with you if possible
- If hiring cleaners lock up jewelry/medications or store the items away from the home.

Station Detectives

Detective Wealand

- Husband and wife have been attending open houses for a long period in the NOVA area. They use fake names and distract realtors who are holding open houses. Jewelry and prescription drugs are the target during these incidents. The stolen items are then pawned or traded in order to buy drugs. After a recent search warrant Mr Johnson was arrested and served numerous felony warrants.
- **Takeaway** - Try to research and find an established reputable service provider whether moving or hiring cleaners • If moving pack your own jewelry and take it personally with you if possible • If hiring cleaners lock up jewelry and/or medication or store the items away from the home.
